

## Appendix 1. Training packages and membership fees

### General remarks

In the 2018-2019 season, Figure Skating Club Pirouette Leuven offers its members training hours from saturday september 1<sup>st</sup> 2018 until Sunday june 2<sup>nd</sup> 2019.

Membership fees can either be paid in parts,

- the first part immediately upon registration
- the second part before october 31<sup>st</sup> 2018
- the remaining amount before january 31<sup>st</sup> 2019.

or by payment in full upon registration, in which case you can enjoy a **reduction of 20 €** when registering before january 31<sup>st</sup>.

The membership fee is indivisible, irrespective of whether it is paid in one go or in parts. This means that you always pay the full membership fee starting from the time of registration until the end of the season, even if you do not make use of the complete offer.

For the correct amounts and the time at which they must be paid: see tables.

Members who join later in the season pay the fixed part (administration, registration and insurance costs) plus a proportional part of the rest of the membership fee, calculated from the first of the month in which they registered.

**In the fixed part for the season 2018-2019 there is also 20 € included as support cards, which are sold by the member and can therefore be recuperated. The support cards can also be used as a means of payment or discount coupon at restaurant days organized by the club, such as a mussel festival or an Italian Evening. The support cards are delivered to the member together with his / her membership card.**

**In case of registration after January 31<sup>st</sup> 2019, no support cards will be issued anymore, these will therefore no longer be included in the remaining membership fee.**

If more than one family member registers, only the member with the highest membership fee will pay the full amount. All other family members benefit from a 25 € discount on their membership fee.

### Membership without training package (L)

Members who wish to take part in **recreational or adult competitions**, and only receive private lessons during public hours, can register as a member **without a training package**. These members only pay the fixed amount of 90 € when registering as a member.

The membership fee includes membership with the VKSB as a recreational member and the member insurance. Members who register for this package have the opportunity to register for the club championship with their own program.

Members who wish to take **the Competition Level Test**, and only receive private lessons during public hours, can register as a member without a training package. These members also only pay the fixed amount of 90 € when registering as a member.

The membership fee includes membership with the VKSB as a recreational member and the member insurance.

Once the Competition Level Test has been achieved, these members must register for a competitive training package.

### Training package for recreational skaters (A)

The membership fee includes membership with the VKSB as a recreational member, membership insurance, access to the training package (group training with a club trainer, 2x per week), permanent evaluation (formerly club tests), participation in the annual gala, **as well as 20 € as support cards, which can be sold or used by the member\* (see p. 14).**

Since the 2016-2017 season, we have been working with a system of permanent evaluation, which greatly reduced the stress factor. Each skater keeps track of which skating elements he/she already has mastered. Depending on these elements, you can move to a subsequent group at several moments in the year.

Group lessons on Wednesday and Friday from 5 pm to 6 pm, except during school holidays. (access to the ice from 4:45 pm, except for exceptions)

### **Training package for the show team (S)**

Team members who have registered for a training package, either A, B, B, B + or Z, **will pay € 95 on top of the membership fee for their respective training package** when registering as a team member.

Recreational members **who can not participate in the A-package for good reason** pay the membership fee for the S-package, after approval by the club's Board of Directors. These members are expected to maintain their skating technique. The Board will assess each application individually.

If accepted by the Board, these members pay a membership fee of 250 €, of which 90 € at registration, 80 € before 30 October and 80 € before 30 January.
